County of Cork Road Traffic Special Speed Limit (Regional & Local Roads) Bye-Laws 2022

Explanatory Notes

The County of Cork Road Traffic Speed Limits (Regional & Local Roads) Bye-Laws 2022 replace the County of Cork Road Traffic Special Speed Limits (Regional & Local Roads) Bye-Laws 2020, which are revoked on the coming into operation of the 2022 Bye-Laws.

The following are the further explanations for the interpretations set out in these Bye-Laws:

1. “ **built up area**” has the meaning assigned to it by the Road Traffic Act 2004, and means the area of a city, a borough or a town, within the meaning of the Local Government Act 2001, as amended by the Local Government Reform Act 2014.

For the purposes of these Bye-Laws, “built up area” means the area within the limits of the former Town Council boundaries.

2. ‘**Built - up area speed limit**’ has the meaning assigned to it by Section 5 of the Road Traffic Act 2004 and sets out a default speed limit of 50km per hour for all public roads (other than a motorway) in built - up areas. The abolition of Town Councils in 2014 has not affected this meaning, definition and scope of these built-up areas, thus the default speed limit for all roads within these areas remains at 50km per hour, unless amended by a special speed limit bye-law. These ‘built-up areas’ are listed under No. 7 below.

The built-up area speed limit does not apply to a road or part of a road in a built-up area where a special speed limit or a road works speed limit applies to that road or part of that road.

3. **Default speed limits** apply, except where special speed limits (Section 9) or road works speed limits (Section 10) apply, and subject to the provisions of Section 11 (offence of exceeding speed limit) of the Road Traffic Act 2004, to the following public road categories:

- ‘Built-up area default speed limit’ is 50km per hour for all mechanically propelled vehicles.
- Regional and local roads default speed limit is 80km per hour, other than such roads in ‘built-up areas’, for all mechanically propelled vehicles.

4. **Periodic special speed limits** apply a special reduced speed limit for a specified period or periods during any day on all or on specified days, on a specified public road or part of a public road, during which time the reduced speed limit is displayed on the sign. For the purposes of these Bye-Laws, periodic special speed limits apply to public roads, as set out in the Ninth Schedule attached to these Bye-Laws.

During all other times, the default or special speed limit for that road / location applies.

5. **Road Works Speed Limits** - As provided for in Section 10 of the Road Traffic Act of 2004, where a Road Works Speed Limit Order is in place, this takes precedence over any default or special speed limit on that section of road, included in these Bye-Laws.

6. Speed Limit applies to a road in both directions unless otherwise specified.

7. Built - up Area

The following is a list of the former Town Councils in County Cork, which are deemed built-up areas for the purposes of applying the 50 kilometre per hour speed limit in these Bye-Laws:
